SUMMARY

A recent graduate at Nanyang Polytechnic with a Diploma in Business & Financial Technology. I enjoy exploring new ways digital solutions can improve businesses and everyday life. Beyond academics, I value teamwork, empathy and continuous learning

EDUCATION

Nanyang Polytechnic   **Apr 2023 - Jan 2026**
Diploma in Business & Financial Technology
- GPA: 3.76
- NYP scholar

Edgefield Secondary School   **Jan 2019 - Dec 2022**

SKILLS

- **Technical Skills:** Python, Python Flask, HTML, CSS, JavaScript, SQL, Tableau, Excel, PowerPoint, Data Structures & Algorithms
- **Soft Skills:** Communication, Leadership, Presentation, Teamwork, Event Planning, Adaptability

WORK EXPERIENCE / PROJECTS

Part-Time Assistant Trainer   **May 2025 - Present**
Codeezy
- Assisted in teaching programming and AI fundamentals to classes of 30–40 students through game-based learning, leading to higher student engagement and better understanding

Business Analytics Project – Understanding Singapore's Declining Birth Rate   **March 2025**
Nanyang Polytechnic
- For a business analytics project on Singapore's declining birth rate, I identified how psychological and financial stress affects family planning decisions. I cleaned raw datasets using Python, ran statistical analysis to identify correlations, and built interactive Tableau dashboards for clear insights. As a result, I identified key stress drivers and proposed three practical policy recommendations, which helped the project achieve an A grade.

CO-CURRICULAR ACTIVITIES

Technopreneurship Club, Marketing Department   **Apr 2025 - Jan 2026**
Nanyang Polytechnic | Subcommittee Member
